Responsibilities:

The hospitality room is in the classroom behind the concession stand.

Hospitality room volunteers man the room during the Varsity boys' game. Your primary responsibilities are to welcome visitors and keep the food safe.

You may clean up and leave after the coaches from the girls varsity games have eaten. That's usually about an hour after the end of their game.

Abena Stephenson will let you know what to do with any leftover food.

You should report to the Hospitality room immediately following the end of the varsity girls' game. If the game is running late and you will not be able to be there until after 7:30, please let the volunteers working the room before you know.
